

# Rotary Rinsers

Bevcorp rotary rinsers offer an effective and economic way to remove various types of debris from containers automatically prior to filling. Bevcorp can custom design a rotary rinser to meet the needs of your filling system.

Advantages of a Bevcorp rotary rinser include:

- ▶ Stand-alone or mono-block rinser
- ▶ Designed for superior handling of lightweight bottles
- ▶ All stainless steel construction
- ▶ All quick-change handling for multiple package sizes
- ▶ Ionized air and water rinsing options
